

10 Questions

key

other information

To extend the activity for use within the main part of the lesson you could start by getting pupils individually or in pairs to mind map key words and their meanings from the topic they are studying. To extend the activity get pupils to record the meanings of the words and then peer assess.

instructions

The aim of this exercise is for pupils to explore a given word.

Working in groups of 4, one pupil is given a word on a piece of card and the other 3 group members have 10 questions to ask to find out what the word is.

Using the countdown slides on the resource you can time the spaces between each question so that pupils discuss what question to ask next.

- You can use as many or few questions as you like by only using those slides on the resource that you require.
- You can either provide the words for pupils or let them choose their own.

Don't have an interactive whiteboard....

You can complete the task in the same way but can call out the timings for each question. To further support try making cards numbered one to ten to hold up and remind pupils.

The table below explains what each icon used on the resources key represents. The key is broken down into 4 categories:

Starters (blue)

Main lesson activities (cyan)

AfL activities (green)

Plenary (magenta)

Each category is then broken down into 4 sub categories:
