This could be developed so that the pupils could work in groups and share their findings with the class. To extend this pupils could produce their own statements for the class.

instructions

The aim of this exercise is to test pupils listening skills.

Pupils are to be given the accompanying worksheet which you will need to add a set of true or false statements related to the task.

Pupils complete the first column stating whether they think they are true or false.

Pupils then listen to a piece of information which contains the answer to each statement. They must identify the correct answer and record it in the second column on their worksheet.

Finally pupils can feedback or check their answers.
