

# Query

## key

## other information

Try to use a range of resources such as books, text extracts, computers, sound and pictures.

To differentiate you may need to give pupils some sentence starters to help them write the question.

## instructions

The aim of this exercise is for pupils to carry out a research exercise with a difference, rather than find just facts they have to generate questions for others to use to find these facts out.

To do this you will need to set up resources around the room for pupils to visit in pairs or small groups. Keep this short/simple as pupils will have one minute to visit each resource (a reusable 60 second timer is available on the resource).

The plenary to the exercise is for pupils to read out their questions and for pupils to answer them.

***Don't have an interactive whiteboard....***

Use a stopwatch to time each activity and countdown how long is left.

The table below explains what each icon used on the resources key represents. The key is broken down into 4 categories:

Starters (blue)

Main lesson activities (cyan)

AfL activities (green)

Plenary (magenta)

Each category is then broken down into 4 sub categories:
