key

other information

This activity can be adapted so that pupils generate the questions individually and then answer them in groups.

You could also differentiate the activity by giving them some questions to work with and add their own to.

instructions

The aim of this exercise is for pupils to carry out a plenary through pupils working in groups. Pupils will generate questions related to the lessons tasks and then be asked to present the questions for the rest of the class to answer.

Start by working in groups of 4 to generate the questions, a 3 minute timer is available on the resource.

The next stage is for groups to join up and answer each other's questions. Pupils are to answer the questions as individuals. At the end all the group members scores are totalled to give a group score.

Pupils will need a pen and a piece of paper.
