

Task: *Activity*

You will be given a photo related to the lesson.

You need to add notes to it, these notes should analyse everything that the photo shows (including minor points).

Swap with a partner and label anything you think they have missed.

Once completed you may be asked to feedback to the rest of the class.

Picture Label

Task: *Green Pen*

You will be expected to reflect upon your work using the following:

What went well?
Even better if...

You will need to use the sentence starters to help guide your answers and also justify what you have identified.

How could you improve?

Task: *BASICS*

You will watch a demonstration that you will need to follow. You will need to focus on:

Listening carefully to what is being instructed

Make notes if required and focus on the key points/words

Note any questions that you may have to ask later

Basic Demonstration

Task: *BASICS*

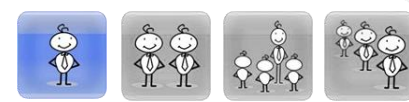

You will undertake a practical task. You will need to focus on:

Follow instructions carefully by referring back to them

Check your practical activity regularly

Keep checking the time to ensure you complete the activity

Basic Practical

Task: *BASICS*

You will undertake a practical task. You will need to focus on:

Follow instructions carefully by referring back to them

Check your practical activity regularly

Keep checking the time to ensure you complete the activity

Basic Practical

Task: *'3C'*

To improve your work you will undertake a 3-part process-

Baseline- You will identify the piece of work to be improved and write a brief description of it

Improvements- You will then either be told what needs to be improved or you will decide what needs to be improved

Go& Improve- You will now apply the improvements to your piece of work

BIG Assessment
