

Q&A Summary

Get students to consider their learning and produce a set of questions based upon the key points from the learning within the lesson.

Students are to think about the key pieces of learning from today's lesson and create a set of question for each. They then either give the correct answer or a choice of answers. Students can maximise the content of their questions and answers by using the GAP tasks.

If using GAP you will need to complete the GAP worksheet to outline the variation in challenge and support available for the task-

- Green- Supportive version of the task
- Amber- The original version of the main task
- Pink- Challenging version of the task
