

Short Interview

Get students to plan and act out an interview. This should challenge them to demonstrate and apply their learning.

Students are to present the information that they have been given in the form of an interview. They will need to work in pairs as the interviewer and the interviewee. They will need to plan what information they are going to talk about and consider if they need to make any prompt cards. Students can maximise the content of their interview by using the GAP tasks.

If using GAP you will need to complete the GAP worksheet to outline the variation in challenge and support available for the task-

- Green- Supportive version of the task
- Amber- The original version of the main task
- Pink- Challenging version of the task
