

Song

Get students to create a song. The contents of this should challenge them to demonstrate and apply their learning.

Students are to present the information they have been given in the form of a song or a rap. This needs to be kept to 60 seconds long. They will need to plan what information they are going to sing about and consider if they need to make any prompt cards. Students can maximise the content their song by using the GAP tasks.

If using GAP you will need to complete the GAP worksheet to outline the variation in challenge and support available for the task-

- Green- Supportive version of the task
- Amber- The original version of the main task
- Pink- Challenging version of the task
